

## The Functions and Qualities of Elders, (Part 2)

### Discussion Guide

Text: I Timothy 3:1:7

1. What are some of the possible motivations, good and bad, that people might have for seeking and accepting positions of leadership in general? Which of those motivations, if any, are inappropriate for leaders in the church?
2. Which of the qualities required of men desiring to serve as elders (I Tim. 3 & Titus 1), safeguard against those inappropriate motivations drawing people into leadership roles in the kingdom?
3. Speak to the importance to the body of each of the functions of elders discussed in this morning's lesson, (see your outline).
4. What is it that would legitimately cause anyone to "desire" to serve as a shepherd? Aren't we all to strive for the same qualities that they are to possess?
5. What are some of the warnings God gives concerning wine and strong drink, (Is. 5:11, 22; Prov. 20:1, 23:30-35; Hos. 4:11)?
6. What are some experiences or pictures that come to mind when you think of gentleness? How and why is that quality so important for a shepherd to possess?
7. Why and how would it be destructive to have a "pugnacious" individual serving as an elder?
8. Does an elder that has these qualities come from a microwave or a crock-pot? What makes you say that?
